San Francisco Vista Description

The decor is simple yet sophisticated with Asian influence. There are two full bathrooms, one with marble flooring and a soaking tub. The kitchen is modern with stainless appliances. The kitchen opens onto an open living room. The design easily accommodates a large gathering yet maintains a level of intimacy common to a small dinner party. There are two decks. The main level has a deck that leads to a nice sized yard with a mosaic table for alfresco dining. The upper level deck provides a small sitting area in which to take in the magnificent view of the bay, the city lights. The unit easily accommodate four but can accommodate up to six. Transportation is accessible, and the unit's location offers ease of access to shopping, nightlife, entertainment, and transportation. We will be happy to assist you with any travel arrangements or provide insider information on dining, travel, museums or neighborhood of interests.
